

Style Studio Collection of Services

Closet Detox

This is where it all begins. A Closet Detox can be in person or virtual as we go through your closet piece-by-piece while we organize and decide what to keep, sell, donate, gift, and destroy when necessary. We will pin alterations, make piles for the girlfriend who likes your leftovers and get rid of everything that you are not wearing or no longer deserves room in your closet. With this you will get 5 new looks styled by Style Studio using your current wardrobe, the images will be made into a custom Style Book for you to keep on hand in your closet. Your custom Style Book will be sent via email in a PDF format for easy printing. You will also receive a detailed list of items that are suggested for purchasing.

\$600
